

HYDRON INCORPORATED

THIERMANN INDUSTRIES, INC.

TIIGER POLE PULLER

Thiermann Industries, Inc. has developed the TIIGER Pole puller - the "cadillac" of pullers - with safety features all crews will appreciate. Our utility equipment was designed by a lineman for lineman.

- The low-pressure hydraulic cylinder weighs only 57 lbs. yet safely delivers up to 50,120 lbs. of lift to pull poles from even the toughest soils.
- The swivel chain hook assembly attaches the single, lighter-weight chain closer to the ground for greater safety and maximum lift per stroke, and
- The sturdy base plate will not bend even under the tremendous force exerted by the cylinder.
- For free on-site demonstration please contact us.

No.	Description
4001D	Pole Puller Assembly (Complete)
404DB	Back Plate - Standard Tooth (Optional)
4041B	Back Plate - Long Tooth (Optional)

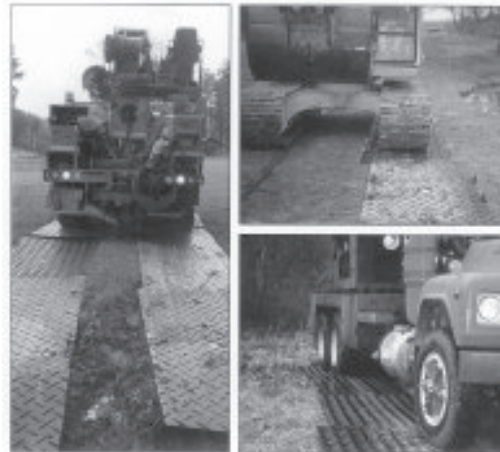

4001D

ALTURNA MATS GROUND COVER

All types of vehicles and equipment pass easily over lawns, through mud and across terrain when our ground cover mats are used.
Sizes to Suit Your Need

- Made of 100% recycled polyethylene plastic
- Super tough, weather-proof mat is 1/2" thick
 - flexible enough to conform to ground contour
 - strong enough to support tons of equipment
- Long lasting - virtually indestructible - UV resistant
- Field tested in the record-breaking cold and heat
- Cleats both sides

No.	Size	Wt.
AM48	4' x 8'	86 lbs
AM38	3' X'8'	64 lbs
AM28	2' X 8'	43 lbs
AM26	2' X 6'	32 lbs
AM24	2' X 4'	22 lbs

POLE DOLLIES

Moving poles safely and easily

TIIGER's Pole Dolly is the answer for moving poles in and out of hard-to-reach areas.

This model offers a dolly with straight handle and an easy-to-use Roller Pole Credle with tightener strap. The rollers allow for efficient pole adjustment.

Other Models available. Please contact us for more information
