

HYDRON INCORPORATED

TOOL APRONS

4555

Buckingham has developed a holster to accommodate various battery operated tools while working in the bucket truck aerial basket.

The steel frame and durable nylon coated material, with pocket doubled and leather lined bottom provides the user a secure, safe way to hold the tool.

The grommet holes are designed to accommodate up to a 3/4" bucket hook (sold separately).

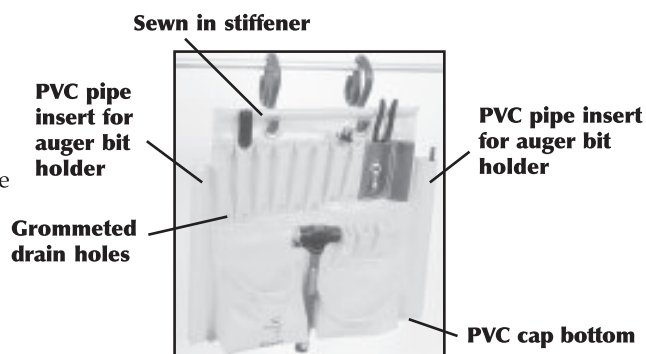

Overall Dimension – 14" x 4" x 14 1/2"
Pocket Dimension – 6 1/2" x 4" x 14 1/2"

AERIAL BASKET TOOL APRONS

4500Y

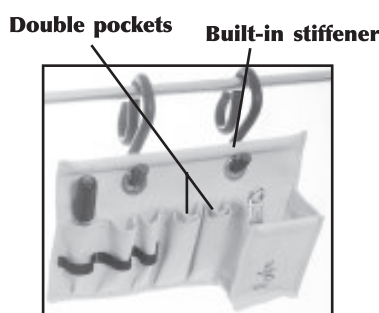

Our most popular vinyl tool apron. There are 2 auger bit holders lined with PVC pipe, 11 socket pockets, 2 nut and bolt bags, a hammer loop, and a 2 pocket holster. All pockets are sewn through 2 layers of vinyl coated nylon plus one layer of heavy canvas, the vinyl pockets help grip tools and will not stretch. The two large grommet holes are used to suspend the apron from the bucket using Buckingham PVC or polymer hooks.
